- Rezoning (Zoning Map Amendment)
- Comprehensive Plan's Future Land Use Map Amendment (If proposed rezoning does not fit the designated Future Land Use Map Category)

B. Application History. Have any previous applications been made to rezone the subject property (Certificate of Appropriateness (COA), Subdivision, Site Permit (General Development Plan), Business Location Approval, Text Amendment)?

Yes No If yes, please provide the Plan/Permit File Number(s): _____

C. Rezoning Information.

- Identify the existing zoning district(s) for the subject property: B-C
- Proposed zoning district(s) for the subject property: RMF-2-25
(Only one district should be proposed unless there is an extenuating circumstance. If more than one district is desired, please provide supporting rationale as part of this application. A zoning district must be identified or the application will not be processed.)
- List all proposed land use(s) in accordance with the Zoning Ordinance. (Refer to Zoning Ordinance Article 5 Sec. 5.4 Principal Use Table. If your desired use is not listed, contact the Planning and Urban Design Department for a use determination. Planning and Urban Design by contacting 912.525.2783.) _____
Multifamily residential

The petitioner will receive notification to obtain and post the Public Notice Sign(s) from the City's Planning & Urban Design Office at least 15 DAYS PRIOR TO THE PLANNING COMMISSION and CITY COUNCIL MEETINGS.

D. Comprehensive Plan Future Land Use Map Amendment.

Sections 5.5 through 5.17, subsection 2 of the Zoning Ordinance titled Comprehensive Plan Future Land Use Map (FLUM) Consistency list the permitted Future Land Use (FLU) Category(ies) for each Zoning District. Chapter 5 of the Chatham County-Savannah Comprehensive Plan lists and defines these categories. If the proposed Zoning District is not allowed within the current FLU Category designated for the property, a Comprehensive Plan FLUM Amendment is required. As part of the application review process, the Planning Commission and City will evaluate and determine if the proposed Zoning District requires a FLU Map Amendment.

- What is the present Future Land Use Category designated for the property? Commerical-Regional
- What is the Future Land Use Category that allows the proposed Zoning District? Residential-general

III. Rezoning Review Criteria Form

Describe how the requested rezoning satisfies one or more of the following criteria:

A. Suitability and Community Need:

- Whether the range of uses permitted by the proposed zoning district is more suitable than the range of uses that is permitted by the current zoning district.
- Whether the proposed zoning district addresses a specific need in the county or city.

Both commercial and multifamily residential uses are suitable in this location but the City need and demand is for multifamily residential. Most apartments in the area are decades old. New quality apartments will be a benefit to the community.

B. Compatibility:

- Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property.
- Whether the zoning proposal is compatible with the present zoning pattern and conforming uses of nearby property and the character of the surrounding area.
- Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

Retail conditions in Savannah and throughout the country have changed. There is little demand for large scale retail space. This project will fold into the parking and circulation of the mall and benefit adjacent properties by improving traffic flow and inserting customers on site.

c. Consistency:

Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan and other adopted plans, such as a redevelopment plan or small area plan.

The future land use plan did not anticipate the changes in retail shopping that have occurred in the last decade. Adaptive re-use is necessary for large retail tracts such as this in order to avoid long term vacancy.

d. Reasonable Use:

Whether the property to be affected by the zoning proposal has a reasonable use as currently zoned.

The most reasonable use as currently zoned is self-storage. However, there is a great need for multi-family residential on the southside and this site is ideally located for such use.

e. **Adequate Public Services:**

Whether adequate school, public safety and emergency facilities, road, ingress and egress, parks, wastewater treatment, water supply and stormwater drainage facilities are available for the uses and densities that are permitted in the proposed zoning district.

f. **Proximity to a Military Base, Installation or Airport:**

Is the subject parcel located within 3,000 feet of a military base, installation or airport, or within the 3,000 foot Clear Zone and Accident Prevention Zones Numbers I and II as prescribed in the definition of an Air Installation Compatible Use Zone that is affiliated with such base, installation or airport? Yes No

IV. Neighborhood Meeting

A neighborhood meeting is required as shown in Table 3.2-1, Types of Required Public Notice for Applications, or indicated elsewhere in the Zoning Ordinance. If an applicant fails to provide neighborhood notification consistent with the requirements, the public hearing will be postponed until after such notification has been made.
