Re: Priority Purchase – Refurbished Fire Truck

---

### Background

The Tybee Island Fire Rescue Department currently owns a 1999 (ALF) American LaFrance fire truck. Approximately 8 weeks ago this specific apparatus was sent to Palmetto Fire Apparatus to be serviced.

1. Replace Primer \$1,634.00
  2. Replace Injectors, Replace Turbo Waste Gate Controller \$3,413.92
  3. Replace rear AC Fan Switch \$67.50
  4. Replace low side AC hose rerimp \$677.36
  5. Clean fuel system on Genset \$435.38
  6. Rebuild tank fill valve \$895.00
  7. PM Service & 72 Point Inspection \$1,632.05
  8. Aerial Inspection \$1,080.00
  9. Mechanic Travel \$400.00
- Total \$10,235.21

Market value for this apparatus is around \$20,000.00 or less. If you remember the year 2022 before last we purchased a new ladder truck because we deemed the ladder on the Quint (ALF) American LaFrance fire truck unsafe based on the pulley wheels needing to be replaced along with cables and hydraulic shafts. We were simply using this truck as a pumper truck and as an unmanned elevated water stream device for the high rise building located on the island. The American LaFrance Corporation went out of business January 17, 2014 and due to them going out of business parts are hard to come by these days which basically has caused the value of these apparatus to reduce down drastically.

In order for the fire department to maintain proper response we must maintain a spare apparatus in order to continue a proper response to all fire calls. By having the spare apparatus this insures the city has constant coverage if another apparatus goes out of service for a long period of time.

Fire Staff have had multiple issues with the ALF American LaFrance Quint 1 and the apparatus is not trust worthy under emergency operations.

### Overview

The Tybee Island Fire Rescue Department is recommending council to allow for the department to make a purchase on a Used/Refurbished pumper – fire truck in order to maintain stability of proper fire coverage for the city. We will not be purchasing another ladder truck the purchase will be for a pumper – fire truck.

This purchase was not planned for this 2023-2024 budget but funds are available in the fire departments Capital Budget.
