## **Switchyards Will Open First Neighborhood Work Club in Savannah**

Switchyards Savannah opens July 28, 2025.

**SAVANNAH, GA, June 17, 2025** — Switchyards, the world's first neighborhood work club, is changing the way people work in Savannah.

The Savannah flagship work club—Switchyards' 27th location—will open at **217 E 41st Street** in a 4,700-sq-ft 1950s former antiques warehouse. Picture cozy nooks, loads of lamps, and endless room to get work done. Tucked right in the middle of the Starland District.

As with all Switchyards clubs, members will have 24/7 access to the space, which is thoughtfully designed for productive work and meant to be distinctly separate from home and the office. Membership grants access to all current and future clubs; including ones in Atlanta, Nashville, Charlotte, Asheville, Denver, Kansas City, Charleston, Birmingham, Austin, Greenville, and Durham. This work club will feature a cafe area for collaboration and meetings, plus a library designed for deep work and focus. There will also be phone booths and a meeting room—all bookable at no additional cost to members.

"We're excited to bring Switchyards to Savannah," says CEO and Founder Michael Tavani. "There's a growing need for that 'third place for work' in this city and beyond—a space that's not your home or office, but somewhere to mix it up. Savannah is one of our favorite cities in the world, chock full of iconic neighborhoods, so it was an obvious choice for us to plant a flag here. This club is special to us—it's our first location in Georgia outside of Atlanta, where Switchyards started."

Switchyards Savannah will open to members on **Monday, July 28, 2025**, with memberships dropping on **Wednesday, July 24 at 10:00 am ET. Only 250 memberships will be available**—the last 11 clubs have sold out on drop day. Those wanting to become a member can sign up at [switchyards.com/savannah-ga](https://switchyards.com/savannah-ga) for early access to memberships, sneak peek invites, and more.

Switchyards CEO and Founder Michael Tavani and Creative Director, Brandon Hinman are available for interviews upon request.
